

IRRIGATION NOT BE PUT TO BUSINESS BRITISH PARLIAMENT MAY BE DISSOLVED COLONEL REWARD OFFERED BY BRYAN

WILL DISCUSS FINANCING OF IRRIGATION

Irrigation Project Building
Will Be Considered at
Conference at Denver.

TENTATIVE PROGRAM IS NOW OUTLINED

DENVER, Colo., March 24.—Announcement of a tentative program for the irrigation conference called by secretary of the interior Lane for April 2, in Denver, was made today. The chief object of the conference is to devise a basis for federal and state cooperation that will put irrigation development in the west on a business footing, which, in turn, will attract funds from money centers to carry through the projects and eventually bring settlers to the lands reclaimed.

The topics suggested for discussion follow:
Cooperation between state and union. Carey act projects. Irrigation districts. Administration and operation of the desert land act. Settlement of irrigation lands, crops, markets, finances. Ways and means of financing future work.

Will divide into sections.
To insure a thorough discussion of these and other phases of irrigation it is proposed to divide the conference into sections.

The sessions will open in the state capitol Thursday, April 2, and probably will continue through Friday and Saturday.

The conference will be open to any person interested in the general subjects to be discussed and will be attended by government officials, representatives of western governors, and representatives of the irrigation project. In the event secretary Lane is unable to attend he will be represented by Alexander A. Jones, first assistant secretary of the interior.

Department officials who will attend include:

Frederick H. Newell, director of the reclamation service; Clay Tallman, commissioner of the general land office; J. D. Telverson, chief of the field service of the general land office; R. P. Caudley, chief of the rights of way service of the general land office; and from the reclamation service bureau the following:
Arthur P. Davis, chief engineer; I. D. O'Donnell, supervisor of irrigation; Will H. King, chief counsel.

Details of the conference are being arranged by Mr. McNairy, division chief of the general land office; R. F. Walter, supervising engineer of the Grand Valley and Union Pacific irrigation projects and governor E. M. Ammons.

KOETTERS IS TRIED ON MURDER CHARGE

Chicago, Ill., March 24.—The state today began its case against John R. Koetter, charged with the murder of William C. Kratt, in a hotel here November 14, 1912. Koetter's mother, father and two sisters came from Cincinnati to be with him during the trial and surprised him by their presence in court.

DURAN POSTOFFICE IS REPORTED ROBBED

The postoffice at Duran, N. M., was robbed Monday night. A message was received by postmaster J. A. Smith Tuesday from the postmaster at Duran asking that a postoffice detective be sent there at once to work on the case. The message did not say what the postoffice robbers obtained.

HEARING IN AMERICAN CAN DISSOLUTION SUIT BEGUN

New York, March 24.—The taking of testimony in the government dissolution suit against the American Can company was begun here today. Hearings were to have been commenced several weeks ago, but were postponed by agreement of counsel. The company is held by the government to be a combination in restraint of trade in violation of the Sherman anti-trust law.

WOMEN JOIN RUN ON BANK; GIVEN FLOWERS

DENVER, Colo., March 24.—Carnations were distributed today to each woman depositor who joined in the second day's run on the German-American trust company bank. As each feminine depositor received her money from the teller, she was handed a big red carnation and a smile. It helped allay the excitement and restored good humor.

"We have the situation absolutely in hand," declared Geoffrey Schimer, president of the company, discussing the run of Monday in which several hundred small savings depositors withdrew their accounts. Mr. Schimer said that not one of the checking accounts had been

WASHINGTON, D. C., March 24.—

Governor Calhoun's offer of a reward of \$1000 for the delivery on Texas soil of five Mexicans suspected of being the murderers of Clemente Vergara has caused state and war department officials serious concern regarding international complications.

The five Mexicans sought are captain Apolinario Rodriguez, Nito Ceara, Juan Casillas, Andres Rodriguez and Domingo Martinez.

In his report today Brig. Gen. Bliss says:

"The men named are charged in the newspapers as being implicated in the death of Vergara.

May Lead to Kidnapping, Fear.
The right of the governor to offer

rewards for the apprehension of fugitives from justice is not denied by the officials. But in this case it is feared that the offer may lead to an attempt to kidnap the Mexicans and bring them into Texas, which would be in violation of the extradition treaty between Mexico and the United States and afford the Mexican government ground for a demand for the punishment of the kidnappers with all sorts of legal entanglements.

500 Shots Fired At Americans.
Further reports on the incident near Del Rio, Tex., where Mexican soldiers fired across the Rio Grande at Americans, say more than 500 shots were directed at the soldiers, to whom the fleeing "Constitutionalists" surrendered. The refugees were sent to Fort Bliss.

TO USE THEM TO
ATTACK GUAYMAS

SAN BLAS, Simola, March 23.—(By mail)—When the crew and most of the officers of the federal gunboat "Tampanco" mutinied en route between Guaymas and Topolobampo and forced the captain to bring the vessel into Topolobampo and turn her over to the rebels, it was thought that the aid of this gunboat would speedily bring about the surrender of Guaymas and Matamoros to the rebels, but the Tampanco was not enough to put to sea with, and no more could be found on this coast.

A canon was ordered from San Francisco and is supposed to have arrived in the past few days, but in the meantime the rebels have about decided to discount the Tampanco's cannons and take them to Guaymas or Matamoros to aid in the land battle of one of those places.

The federalists still have two gunboats on this coast—the "Marechal," which is of the same rating as the Tampanco, and the "Guerrero," which is a faster boat and has longer range guns than the Tampanco. The rebels figure that it will be best not to risk an engagement on the water where they would have to risk their entire "navy" against superior odds.

The federal commander of the Tampanco was allowed by the rebels to take possession of the vessel and the man "Mariano Hernandez" for Matamoros, with all of his officers who did not wish to join the rebels. The Hernandez would be taken to the house of a friend of the federal commander, under special permit from the rebel government at Culiacan, and she was not molested by the rebels except they confiscated some 50 tons of provisions that she carried.

The American colony at Los Mochis is in a state of alarm, as the rebels have generally respected American interests. For some time before the federalists were driven out of this region they were very ugly towards Americans because of the failure of our government to recognize Huerta, and on any pretext whatever American citizens were imprisoned and abused by the rebels. The rebels are now contented to be shot for alleged complicity with the rebels, but fortunately those who were "in bad," got wind of the matter and fled until the federalists were driven out.

The rebels are making a movement towards the federalist stronghold of Culiacan, but whether it is the usual bluff they have been running since November, or plan to make a real attack, no one seems to know. It is thought no special effort will be made to take either Matamoros or Guaymas until the Torreon situation is settled one way or another.

NO DECISION YET FOR THE PRISONERS

Judge Meek Asks for Briefs in the Case, But Intimates That He May Release Part of Them.

Pecos, Tex., March 24.—Judge Edward Meek of the United States federal court at Dallas has reserved rendering an opinion in the case of the Fort Bliss prisoners who are asking for their release on a habeas corpus hearing.

He asked the attorneys for briefs and may be several weeks in announcing his decision. He said that the opinion of Judge Welborn, a recent case would have a persuasive influence in his decision.

Judge Welborn released the senior Orozco on the ground that there was no support for the military of the United States to hold him a prisoner without having a charge against him.

CONSUL REPORTS ON CUMBER DISASTER

Washington, D. C., March 24.—A report on the Cumberland tunnel disaster, relating the circumstances of the tragedy and the results of subsequent investigations, has been made to the department by American consul Thomas M. Edwards at Juarez, Mex. Of the 26 or more persons who lost their lives when a passenger train dashed into the burning tunnel on February 4, the consul believed to have been American and those who were citizens of France, have been recovered, the consul reported.

He gave the following as the most authentic list available:
M. J. O'Meara of Buffalo, N. Y.; Menard Schofield, of Brazil, N. Y.; E. Webster, of El Paso; E. J. McDutch-Kelly, of Morris, of Woodland, Calif.; Lee Williams, of Philadelphia; George Kelly, of Emporia, Kan.; Padre Abel and wife and child, citizens of France.

CARRANZA MAY NOT ARRIVE UNTIL FRIDAY

Gen. Venustiano Carranza may not reach Juarez before Friday. At rebel headquarters in Juarez Tuesday it was stated that Carranza is making a leisurely journey north from Casas Grandes, stopping frequently, and with no wish to get to the border in a hurry.

It is believed Carranza may plan his arrival to occur at the time the rebels are celebrating the victory at Torreon, should they win that battle.

CUSTOMS BROKER IS ARRESTED IN JUAREZ

F. A. Ruiz, a customs broker of Juarez, whose family lives in El Paso, has been a prisoner in the Juarez jail for three days at this time, on a charge of passing counterfeit rebel money. His friends say he has been held without a hearing and that if he had passed any counterfeit rebel money, it was done innocently, as there is almost as much counterfeit money in circulation as genuine.

CATTLEMAN CHARGED WITH MURDER RELEASED ON BOND

Grand Junction, Colo., March 24.—Judge Cavender today granted writs of habeas corpus ordering the release on bond of Claude Timble, George Hughes, T. D. Bowman and Dale Mitchell, charged with the murder of Peter Swanson in a feud of cattlemen and sheepmen seven years ago. Bond for each man was fixed at \$1000.

ULSTER MAY WRECK BRITISH PARLIAMENT

LONDON, Eng., March 24.—Dissolution of the British parliament may be hastened by the events of the last few days according to the opinion generally expressed here in political circles. The surrender of the government to the officers of the army who declined to serve against the Ulstermen is said to be particularly significant in this connection. It is said, will not accept home rule with Ulster permanently excluded, while the government has found it impossible to compel Ulster to accept only a Dublin parliament.

General Election Only Solution.
It is argued that the only way out of the difficulty is to hold a general election and apparently no one would be surprised if the government during the second reading of the home rule bill next week should offer to dissolve parliament and call for a general election. The Irish Nationalists, it is said, will not accept home rule with Ulster permanently excluded, while the government has found it impossible to compel Ulster to accept only a Dublin parliament.

Department officials who will attend include:

Frederick H. Newell, director of the reclamation service; Clay Tallman, commissioner of the general land office; J. D. Telverson, chief of the field service of the general land office; R. P. Caudley, chief of the rights of way service of the general land office; and from the reclamation service bureau the following:
Arthur P. Davis, chief engineer; I. D. O'Donnell, supervisor of irrigation; Will H. King, chief counsel.

DEPEW TRANSFORMED INTO ARMED CAMP

DEPEW, N. Y., March 24.—Depew was an armed camp today, the 14th regiment of militia having been ordered to the request of Sheriff Becker, whose force was unable to handle rioting strikers at the Gould couple works Monday.

A special train, which was held up today, came through from Buffalo to the plant today, and the 14th regiment of militia was ordered to the plant.

One man was killed and several were injured Monday.

Groups of the strikers and sympathizers gathered near the main entrance of the couple works today, but dispersed when ordered to do so by the police in charge. They quickly reassembled at another entrance. Company D had to use bayonets from behind the crowd to scatter them. One man was wounded. He was taken away by his companions.

"MOTHER" JONES IS OFFERED LIBERTY

Walsenburg, Colo., March 24.—"Mother" Jones, confined as a prisoner in the county jail here, will remain where she is unless freed by a court or released on bail.

Madame Jones, who appeared in a condition of extreme fatigue today, called on the sheriff to see her husband, the former minister of finance. When he arrived at the jail, a long conference followed.

DEFIANCE OF LAW PROBLEM IN STRIKE

Denver, Colo., March 24.—Pursuant to preparations for the complete withdrawal of the Colorado national guard from the Colorado coal fields, where a strike has been in progress since September 22, 1912, governor M. Ammons today issued a statement in which he said that "the open defiance to the state in its efforts to restore and maintain order in the vital questions in the strike situation."

The governor declared: "I can find no under which I can force a settlement of the strike situation. It is every good citizen to stand openly for the enforcement of law, in view of the fact that the strike is a defiance of the law, and appeals to the newspapers to 'carefully inquire into their truthfulness before they publish anything calculated to 'injure the state.'"

STRIKERS CHARGED WITH MURDER ASK SEPARATE TRIAL

Houghton, Mich., March 24.—Judge George B. Brinkley, who is charged with the murder of deputy sheriff James M. Pollack, near Houghton, on October 28, last, has demanded separate trials. The trial of Pollack is being held in Lansing, Mich., on a charge of murder before Judge O'Brien this afternoon.

COUSINOR WILL ACT AS SECRETARY OF STATE

Washington, D. C., March 24.—Robert Lansing, secretary of state, will act as secretary of state in the absence of secretary Bryan unless the president designate some other official to act in that capacity. With the assumption of office by cousinor by John Bassett Moore, president Wilson designated him to act as secretary of state during the absence of secretary Bryan. This order has not been revoked.

Under the last and preceding administration the assistant secretary of state acted as secretary in the absence of the official head of the department.

John E. Osborn, former governor of Wyoming, the present assistant secretary of state, has never acted as head of the state department.
